Please note whether the lesson is independent or live and attend the live lesson assigned to your group.

Literacy Online lesson at your allocated time	<p>Reading for Pleasure. Find (or make) a cosy space in your house and settle in with a good book. You can do this independently or share a story with a grown-up or sibling.</p>	Live literacy lesson with your teacher	Live literacy lesson with your teacher	Live literacy lesson with your teacher	Live literacy lesson with your teacher
CC Live lesson at your allocated time	<p>French and/or PE Pick one of the activities from the French file in your class teams area and/or Look in the PE folder on teams and choose an activity.</p>	Geography	Design Technology You will need paper and pencils for this lesson.	RE	Art/DT You will need paper / pencils and a toilet or kitchen roll tube (or more than one if you can get hold of them!)
	Live lesson – Wellbeing				

Every afternoon, your child will have a live lesson with their teacher at their allocated time. The activity they will be doing is shown in the timetable above.

On a **Monday**, we would guide you to be doing some of the French and PE activities as part of the afternoon learning also.

On a *Tuesday – Friday*, to supplement your child's learning outside of the live session, you can choose any of the alternative online resources your child has allocated to them or in the team's folder labelled 'supplementary learning', there are some other resources that we would recommend browsing and using as appropriate.
